The Mission of Cleveland GiveCamp is to pair creative and technology talent with nonprofits in need.

❖ Cleveland GiveCamp 2016 will take place July 29-31. This will be the seventh year that Cleveland GiveCamp will be providing free websites and other tech projects to nonprofits in Northeast Ohio.

❖ GiveCamp "Coding for Charity" is a national program. We can proudly say that Cleveland has the **largest** GiveCamp in the nation!

❖ Cleveland GiveCamp sponsors underwrite all the costs associated with feeding and support for over 200 volunteers for the weekend. The Cleveland GiveCamp Steering Committee is made up entirely of volunteers. There is **no cost** to the nonprofits or to the volunteer participants.

❖ Please see the Cleveland GiveCamp FAQ's and About web pages at ClevelandGiveCamp.org. You may also email us at: info@clevelandgivecamp.org for more information.

Application dates for nonprofits are April 15 through June 3, 2016.

Nonprofits are encouraged to sign up now for notifications at ClevelandGivecamp.org/Nonprofits
